“The Bible is a book of faith, and a book of doctrine, and a book of morals, and a book of religion, of special revelation from God; but it is also a book which teaches man his own individual responsibility, his own dignity, and his equality with his fellow men.” —

Daniel Webster

GENERAL INFORMATION

General Information

Fort Wayne Bible College was founded in 1904 and incorporated as a non-profit educational institution. It is a four-year college specializing in the two major fields of church vocations and teacher education. For many years its primary objective has been the preparation of men and women for various forms of Christian service at home and in foreign lands. In 1955, the college was accredited for teacher education by the Indiana State Department of Public Instruction.

The college is owned and controlled by the Missionary Church Association, but operates interdenominationally. Several denominations are represented on the Governing Board and the faculty, and twenty-five or more are represented in the student body annually.

STATEMENT OF FAITH

The college is committed to the conservative and evangelical interpretation of the Christian faith as held by the controlling denomination. It holds to the divine inspiration of the Scriptures, the trinity of the Godhead, salvation through the death of Christ, the universal sinfulness of man, the necessity of regeneration, the filling with the Holy Spirit subsequent to conversion for purity in life and power for service, the personal imminent return of Jesus Christ, etc. While stressing the basic tenets of the Christian faith, it also emphasizes the place of Christian experience and life. It is convinced that the first need in this period of spiritual crisis is for men of Christian character as well as competence — men who are filled with the Spirit, motivated by divine love, imbued by faith and vision, and ready for sacrificial service.

OBJECTIVES OF THE COLLEGE

In preparing students for their life's work, the college seeks to achieve the following objectives:

1. To lead the student into a working knowledge of the Bible and an understanding of the Christian faith.
2. To help the student acquire a Christian world view that integrates all knowledge and experience.
3. To acquaint him with the world around him through a general study of the natural sciences, and the humanities.
4. To stimulate an appreciation of his spiritual as well as his cultural heritage.
5. To help him acquire a Christian sense of values, and the ability to think critically.
6. To awaken in him a clear sense of mission and a dedication of himself to Jesus Christ in the service of mankind.
7. To develop, by study and practice, those particular skills that are needed in his chosen life's work.

8. To enable the student, through the total training program of the college, to become a well-rounded, wholesome Christian personality, mentally, physically, spiritually, socially. (Luke 2:52)

The college is entirely an undergraduate school with programs leading to bachelor's degrees. While most programs are terminal, several are designed to prepare students for graduate studies in seminaries and universities.

THE PHILOSOPHY OF BIBLE COLLEGE EDUCATION

Fort Wayne Bible College is committed to a distinct philosophy of education. The revelation of God in Jesus Christ, the holy Scriptures and in nature is the integrating core of all truly Christian higher education. On this basis the college has organized and developed its curriculum and instructional service, recognizing that all legitimate fields of learning must radiate from a Christian center, if the high goals for which it strives are to be attained. Through its faculty, courses, co-curricular activities, and service to the community and church, the college seeks to give all worthy students an opportunity to become efficient Christian leaders in the areas of endeavor within the scope of its available resources and in accord with its stated aims and objectives.

The institution believes in searching for truth but that the resulting discoveries must be in harmony with the revelation of the truth directly given to man by God through the Scriptures. This search for truth is in fulfillment of God's command in Genesis 1:28 to subdue the earth and exercise dominion over it. Education here, therefore, is a liberalizing education which serves to free men's minds and hearts from the trammels of falsehood, as well as to inspire students to exploration, discovery and growth throughout life.

The college accepts the Biblical interpretation of the several elements that make up education. Most important among these are the pupil, the teacher, the subject matter, and the educative process.

We look on the student as having spiritual, mental, social and physical capacities given him by the Creator for ends that are identified with the divine will. These capacities can only reach their fullest development as he fits himself into that will. He stands in need of moral development that can only have firm foundation as it rests on eternal truth and a personal redemptive relationship to Christ. His education, to be adequate, must result in moral character as well as in intellectual attainment and physical well-being.

Of vital importance is the teacher, who seeks to develop in the student these physical, mental, social and spiritual capacities. He achieves these ends, not by the mere imparting of facts, but by being an active participant in the educative process through which he contributes something of his own attitudes, appreciations, sense of values, moral standards, and philosophy of life. The successful teacher is loyal to the truth, recognizes

the worth of the individual, and uses the subject matter as a means to an end rather than as an ultimate goal in itself.

Truth is regarded as a unity which has its origin and its end in the Creator. Every field of learning, therefore, has a definite relation to every other and to the whole. All subject matter has its highest meaning only as it is seen to belong to this unity of truth. Because of its common origin, truth cannot properly be divided into the sacred and the secular; all is revelatory of some aspect of the nature or activity of God.

Education is the sum total of all that one learns, whether from formal schooling or from incidental learning, and it should include the harmonious development of the physical, mental, social, and spiritual in men.

Biblical Education

Biblical education is supplied through the offerings of the Christian ministries division. A major in Bible and theology is required in all courses. Study begins with survey courses and progresses to expositions of books. The task of the instructor is to lead the student into apprehension of truth rather than to indoctrinate him in a special point of view or a particular school of theology. The aim of such study is to develop ability to discover and to interpret the concepts of the Word of God, to enrich life through a personal and growing experience of God's love and grace, and to establish habits and techniques of study that will be useful through life to the glory of God and good of man.

General Education

General education is conceived of as a core of educative experiences considered essential to the establishing of a proper relationship to God, to one's fellowmen, to the physical environment, and to one's self. The content is drawn largely from the humanities, social sciences, and natural sciences treated in the context of an integrating framework provided by Biblical Studies and a Christian atmosphere. General education is neither specialized in content nor vocational in nature but should issue in a growing acquaintance with the major areas of knowledge, in the formulation of a Christian world-view and in the ability to participate intelligently and constructively in contemporary society as a witnessing Christian. It thus

reaches beyond the transmission of factual knowledge to the development of skills, attitudes and interests which enable a graduate to live abundantly to the glory of God.

Professional Education

Professional education is designed to give the student skills in his chosen life's work and in the work of the local church. To accomplish this, academic work is integrated with applied courses in a program of practical Christian service field work under the supervision of the faculty.

Specialized training is given in the areas of pastoral work, missions, Christian education, sacred music, teacher education, speech and social science. Field work provides clinical experience and expressional activity which complement and motivate classroom instruction.

Spiritual Culture

Since education of the heart goes hand in hand with the education of the mind, the college provides time for devotional culture. Its aim is to make the school a home with such a spiritual atmosphere that habits of prayer and meditation will be formed. The day is begun and ended with a "quiet hour." Classes are opened with prayer. The mid-morning daily chapel service provides an interim for inspiration and worship. At five o'clock students meet for a half hour of missionary intercession. Usually a period of informal devotions follows the evening meal. The half day which is set aside each month for prayer has proved invaluable for heart searching, cleansing, and intercession.

A Special Chapel Program

Social and Physical Culture

The many opportunities for fellowship are used for the enrichment of Christian personality in an atmosphere of culture and spirituality. Apart from the ordinary associations of dormitory life there are events in which the entire school participates — occasional receptions, outings and special services. Co-education in the college is meant to promote wholesome relationships and Christian culture.

To round out training for spiritual, intellectual and physical development, attention is given to physical fitness. Students are to spend one period each day in either outdoor or indoor recreation. In all programs of study, health and physical education are requirements. Exemptions from physical education are made only to students who submit a physician's statement of ill health or incapacity. A program of intramural athletics is provided for both men and women, as well as an intercollegiate basketball schedule of sixteen games.

Christian Service

Besides providing clinical experience in Christian work, Christian service is an expressional activity that complements and motivates instruction. In the classroom, Christian service is interpreted professionally in the academic training of pastors, missionaries, Christian education directors, ministers of music, etc. Correlated to this preparation, the Christian Service Department provides practicum classes and field work in the actual situation which supports the academic program. Beyond this, the department gives training in the broad, general skills needed for effective Christian service to those students enrolled in nonspecialized courses. Thus, preparation is given, not only for specialists in Christian service, but also, in a broader sense opportunity is provided for every student to develop skills which will help him to serve as a layman in the church program.

Specific assignments in field work are made in accordance with the student's training, aptitudes, and needs. The satisfactory completion of an assignment for one semester is considered one unit of field work credit. For graduation from the nursing program, a student must have three units of credit; from a three-year course, four units; from a four-year course, six units; and from a five-year course, eight units.

The Fort Wayne area offers many opportunities for Christian service. Assignments include Sunday School teachers for all age groups, children's church directors, music directors, pianists, organists, assistant pastors, youth directors, mission workers, child evangelism teachers, boys' and girls' club directors, gospel team ministries and Christian witnessing within social service organizations.

Manual Work

Valuable training also is afforded in the household work performed by students. Boarding students are responsible for the care of their rooms, and many students help defray their expenses by working on campus. All such work is supervised and is a part of the training program. It gives

opportunity for training in dependability, industry, co-operation, and courtesy. In the care of their rooms, students are rated on cleanliness, tidiness, pleasing arrangements, and assumption of responsibility.

CAMPUS

Fort Wayne Bible College is located in the southwest section of Fort Wayne, Indiana, an industrial city of 165,000. The college occupies a twenty-seven acre campus in an exclusive residential area. Stately oaks and elms lend beauty and charm to the campus which offers an ideal environment for school life. The city of Fort Wayne is noted for its rich church and cultural life, and there is ready access to the business and industrial sections of the city with their numerous opportunities for Christian service and employment.

The campus is divided into a North Campus and a South Campus. Six major buildings occupy the North Campus, and the new Lehman Memorial Library is the first building of six to be erected on the South Campus. A major development program will include in addition to the library, an administration-classroom building, a student center, chapel, and two dormitories. The campus and school plant valued at \$2,000,000 includes the following buildings:

Schultz Hall, the first building constructed in 1904, houses 70 men. It also includes an apartment and office for the Dean of Men, a science laboratory, the Snack Shop, and a recreation area.

The Snack Shop

Bethany Hall, the central building on the North Campus was constructed in 1929-30. The ground floor houses the bookstore, the post-office, printing shop, several offices, and one classroom. The first floor is given entirely to administrative offices, and the second to girls' dormitory.

Founders' Memorial Building is a spacious building erected in 1941-42. It is essentially a music building with accoustically built studios and practice rooms, a chapel seating 500, dining hall, main student lounge, gymnasium and classrooms.

Providence Hall was built in 1945, and is exclusively a dormitory housing 60 girls.

Residence Hall was built in 1948 for faculty and staff housing. It has nine five-room apartments and also houses the college Health Center.

Leightner Hall was purchased in 1954. It is a beautiful and spacious residence housing twenty-six girls, including in its facilities one staff apartment and the faculty lounge.

The White House, 801 West Rudisill, is used as a girls' residence.

The S. A. Lehman Memorial Library was completed in 1961 on the South Campus. It is a beautiful one-story structure providing space for 60,000 volumes. The library has standard audio-visual equipment such as 16mm film sound projectors, 35mm projectors for slides and film strips, tape recorders, reading accelerators, and two turn-tables with eight detachable headsets for listening in language and music courses. An Instructional Material Center, related to Christian education, teacher education, and Christian service, is also located in the library.

Harmony House, 3722 Shady Court, is used as a staff residence.

The President's Home, 827 West Rudisill Blvd., was purchased in 1960.

Other Apartments supplement the above facilities and are used largely for married couples.

Payment of Fees

One-third of the semester's expenses must be paid upon registration, and the remainder in monthly installments in advance. No student will be permitted to register for a new semester whose account is in arrears.

A deduction of one per cent is made from the above totals for regular boarding students if all fees are paid in advance.

Enrollment Deposit

Each applicant, after receiving a letter of acceptance, must make an enrollment deposit of \$25.00 within thirty days following receipt of the letter of acceptance. If application is made after August 1 for the first semester, the deposit must accompany the application. The same rule applies after December 1 for admission for the second semester. This deposit is considered an advance payment and is credited to the student's account when he enrolls. It is not refunded after August 1 or December 1 in case of cancellation or failure to register unless the applicant has been rejected for any reason. Returning students are also required to make an enrollment deposit of \$25.00 which must be paid by July 1 for the first semester, or by December 1 for the second semester.

Room and Board

All single students whose homes are outside the city of Fort Wayne or its immediate environs are required to room and board at the college. When dormitories are filled, arrangements are made by the college for students to occupy rooms in nearby homes and to take their meals at the college dining hall. While all such arrangements are made by and through the college, yet such students pay rental fees directly to the home owners. Rental fees in homes are generally higher than those charged for dormitory rooms.

Housing for Married Students

The college has a limited number of apartments for married students, preference usually being given to upperclass students. Married students are urged to come to Fort Wayne well in advance of registration in order to find housing and employment, if needed. The Business Office is happy to render assistance.

Financial Adjustments

The college reserves the right to change board, room and tuition fees at the beginning of any semester if fluctuations in operating costs warrant it.

Students remaining for the Christmas vacation are charged at the regular rates.

The general service fee is not refundable in case of withdrawal. When a student makes proper arrangements to withdraw during the first eight weeks of a semester, he is charged tuition at the rate of 12 1/2 per cent of the semester's total for each week. Refunds of board and room will be handled on the same basis as tuition, except for emergency cases. A stu-

dent discontinuing applied music by regular arrangements during a semester will be charged at the individual lesson rate for the part of the semester taken.

Seniors who are in arrears can graduate only if approval is given by the Committee on Administration to make deferred payments. When such an arrangement is made, diplomas and degrees are held in the custody of the college and no credits are issued until the account is paid in full.

Students are permitted to take final semester examinations only on the condition that their accounts are paid up or that satisfactory arrangements have been made with the Business Manager.

Scholarships, Awards, and Loan Funds

All scholarships are granted with the understanding that the student plans to complete a regular program leading to graduation. If for any reason he does not complete his work here, the grant becomes a loan that is repayable on terms to be arranged with the Business Office.

Harley Davis Scholarships — Two scholarships of \$300 each, payable in the first four semesters of a regular course, are granted each year to two high school graduates who rank academically in the top ten per cent of their classes and whose purpose is to prepare themselves for Christian service. Applications are made to the Registrar.

General Scholarships — The college has a limited number of general scholarships of \$200 for one year, which are granted on the basis of need, worthy record and aptitude for Christian service. Applications are made to the Registrar.

Women's Auxiliary Scholarships — A scholarship of \$100.00 each semester is granted by the Women's Auxiliary of the College to an upper-class student chosen on the basis of need, character and college record.

Walter H. Lugibihl Memorial Scholarship — The Mt. Olive Missionary Church provides an annual award to be presented to an MCA student preparing for the ministry or for missionary work as a memorial to Rev. Walter H. Lugibihl, who served the church as pastor for 19 years.

MCA Scholarships — The Missionary Church Association provides scholarships of \$150 for each of four semesters to unmarried children of active ministers and missionaries of the denomination. Applications for such scholarships are made to the Missionary Church Association, 3901 South Wayne Ave., Fort Wayne, Indiana, by March 1 prior to enrollment.

Christian Union Scholarships — Through its Macedonian Society, the Christian Union Church offers financial aid to its own young people who meet certain qualifications. For further information and application blanks write to the President of the Macedonian Board, 152 Pike Avenue, Newark, Ohio.

Varsity Team Scholarships — Five full tuition scholarships are granted annually to members approved for a varsity musical team. Such teams

must be approved by the Christian Service Director and by the Department of Music and Fine Arts.

Palmer Scholarships — Mr. and Mrs. Harold Palmer of Fort Wayne, Indiana, provide three scholarships of \$250 annually for students chosen by the Scholarship Committee on the basis of need, worthiness, and character.

FWBC Student Aid Fund — The college maintains a fund for aid to needy students. Individuals interested in helping worthy students are encouraged to contribute to this fund.

Jessie Helrigel Memorial Student Loan Fund — In memory of the late Jessie Helrigel, a student loan fund has been established by the parents to help deserving students in need of financial help. Loans are made for emergencies and to meet essential educational costs. No interest is charged until the due date. Applications are made at the Business Office.

National Defense Student Loan Fund — Fort Wayne Bible College is participating in the National Defense Student Loan Fund. Students should inquire at the Business Office regarding requirements and application forms.

United Student Aid Fund — USA Fund loans for college are available for sophomore, junior and senior students. The college certifies the academic and financial standing of the student. The loans bear 6% simple interest from the date of the loan. Repayment begins the fifth month after graduation or in 30 days after leaving college if you leave before graduation. The student procures the loan through his bank and repays his bank. USA Fund endorses the loan, not the student's parents. Information and applications may be obtained from the Business Office.

Wiswell Speech Award — Students enrolled in speech courses may compete for awards, totaling \$75.00, presented each year by Mr. and Mrs. H. E. Wiswell. Mr. Wiswell is an alumnus of the college, and a former faculty member.

Financing Education Expenses

Fort Wayne Bible College cooperates with Education Funds Inc., in a plan designed for financing all or part of the student's college costs. The plan provides for convenient monthly repayments with a splendid insurance provision for both parents and students. A folder describing this plan in full, with application form, will be mailed to you upon inquiry to the Registrar's office.

The Education Fund-Builder Plan

In view of the sharply rising costs of a college education, Fort Wayne Bible College has developed a plan whereby parents may prepay, on the installment plan over a period of time, all or part of the costs of their children's education. A descriptive folder describing how you can build up a fund in advance for the education of your children will be mailed to you upon request to the Registrar's office.

Campus Employment

The college has numerous job opportunities which are granted to applicants on the basis of need and competence. While aptitudes and skills are taken into consideration in assigning work, yet it is expected that students will perform cooperatively the tasks that are assigned to them. It is also expected that students will carry through a work assignment for a semester except for reasons of ill health.

The compensation rate for work on campus is 90¢ per hour. Application forms for campus employment may be secured from the Registrar or the Business Office and should be returned to the Business Office as early as possible in order to ensure employment.

Other Self-Help Opportunities

There are many outside work opportunities in Fort Wayne for students who need to earn part of their expenses while in college. Some part-time work is available through the college placement service. Ability, initiative and dependability are qualifications needed for remunerative positions.

Obviously a student who must devote considerable time to secular work cannot carry a full load and must therefore extend his course over more than the regular time. The maximum amount of secular work, including that done in the college, permitted to students who carry a full study load, whether boarding or non-boarding students, is 25 hours per week. The maximum may be less for students whose studies demand more time. Any exceptions to this maximum must be cleared first with the Dean of Students.

Its leaders are elected by the student body and its purpose is to promote fellowship, scholarship, leadership and spiritual life within the college, to coordinate student activities, further a close and harmonious relationship between students and college personnel, and inspire loyalty to the college and the principles for which it stands.

Student Missionary Fellowship

The Student Missionary Fellowship is an aggressive missionary society organized for the purpose of creating and stimulating interest in worldwide evangelism. Under student leadership, it meets regularly for a public service with missionaries from various parts of the world addressing these meetings. The S. M. F. also conducts daily prayer meetings with a weekly schedule that embraces every mission field. It contributes to the support of three missionaries on the field, and carries on other missionary projects.

Annual Youth Conference

Each year students conduct a conference for youth. Designed to relate young people to Christ in salvation, sanctification and service, the conference is planned by a committee of students, which secures outstanding youth speakers, missionaries and musicians for the program.

Student Education Association

This organization is comprised of students who are enrolled in teacher education courses. Monthly meetings are held with special speakers and programs designed to stimulate interest in the teaching profession.

Pi Lambda Zeta

This organization, with membership open to all students interested in the field of speech, seeks to promote a deeper understanding and greater appreciation for the values of speech and drama. Plays, field trips, discussions and fellowship give opportunity for growth in communicative skills.

Alpha Kappa Club

This club, which is composed of students enrolled in Greek language courses, has as its general objectives the encouragement of academic achievement in the sphere of New Testament Koine Greek and the development of ability to use the original language in the preparation of expository sermons. An annual cash award is given by the club to the member preparing the best expository sermon.

Music Club

Membership is open to music-loving students for the purpose of promoting the objectives of the college through the various phases of musical and artistic expression. The organization meets regularly, conducting instructional, recreational and devotional programs.

Camera Club

Students interested in photography find enjoyment in participating in the Camera Club, which meets regularly for discussions on theory and techniques of picture taking. A darkroom with basic equipment is maintained, and field trips are planned during the year.

Booster Club

This club is organized for the purpose of promoting school spirit and encouraging wholehearted support of the intercollegiate athletic program. Its membership is limited to 50 students.

Spanish Club

This organization, known as Embajadores Para Cristo (Ambassadors for Christ), is comprised of students who are enrolled in Spanish classes or who have a knowledge of the Spanish language. Its primary purpose is to provide opportunity for practical use of the Spanish language and to acquaint students with the culture and needs of Spanish-speaking peoples.

M. C. A. Students Fellowship

Students belonging to the Missionary Church Association hold monthly meetings for the purpose of disseminating information regarding the M.C.A. work at home and abroad; stimulating intercession for its personnel, funds and growth; and encouraging such students to enter service under the M. C. A.

Bethany Student Lounge

C. & M. A. Students Fellowship

This organization composed of students belonging to the Christian and Missionary Alliance meets regularly for fellowship and information regarding the denominational program and ministry at home and abroad.

College Yearbook

The Light Tower, published annually by the student body, portrays school life and serves as a memorial of Bible college days. This student publication also affords helpful experience in journalism.

Student Voice

This is the student newspaper, published monthly by a staff appointed by the Student Council. It includes news items, announcements, literary compositions, editorials and articles representing student opinions and viewpoints.

A Cappella Choir

Students enrolled in A Cappella Choir are organized into a student group with their own officers. During the second semester each year, the A Cappella Choir makes a tour to various parts of the country. The programs are distinctly spiritual and aim at glorifying God through sacred choral music.

Athletics

Fort Wayne Bible College is a member of the Indiana Intercollegiate Athletic Association, competing with other schools, chiefly with other Christian colleges, in basketball, track, tennis and golf.

A program of intramural athletics is arranged each year with tournaments conducted in several sports: pingpong, volleyball, basketball, softball, badminton, archery, golf, tennis, etc. While the college recognizes that spiritual and academic interests are of primary importance, it also recognizes that wholesome recreation and sports activity can contribute much toward a well-balanced Christian life.

CAMPUS REGULATIONS

Standards of Conduct

The college attempts to provide an atmosphere which is most conducive to reverent study and to the development of strong Christian character. Inasmuch as the welfare of both the group and the individual is best promoted by adequate regulation, the B-C Book, student handbook, sets forth certain standards of conduct to which the student is expected to conform. A copy will be sent to each approved applicant prior to his registration.

The use of tobacco, alcoholic beverages, gambling cards, profanity and obscene language is prohibited. Attendance at dances and movie theaters is likewise not permitted, and students are expected to refrain from

worldly amusements and other activities which might defile mind and body and bring a reproach upon the Christian testimony of the individual and the college.

The college may at any time require the withdrawal of a student who does not conform to these standards.

Social Activities

Social activities and affairs hold a secondary place to the attainment of academic objectives in the life of the student. Social regulations are so designed as to aid in the development of the whole personality and in satisfactory social adjustment. Students who contemplate marriage before graduation must secure faculty approval in order to continue in school. No marriages are permitted during the school year.

Dress

Students are urged to dress conservatively in keeping with Christian standards. Moderation in style and extent of wardrobe is required. While we want our students to dress neatly and attractively, we strongly discourage the excessive use of cosmetics and jewelry at all times. Low necklines, both front and back, and tight-fitting sweaters and skirts are not permitted.

Women may wear slacks or pedal-pushers for certain work or other activities with the approval of the Dean of Women. The wearing of shorts,

Erecting a Home Coming Display

men's blue-jeans, and extremely tight-fitting garments is not permitted at any time on or off campus; therefore such garments should be left at home.

All women students enrolled in physical education are required to rent (or purchase) regulation gym suits through the college. Both men and women should bring a pair of gym shoes.

Room Furnishings

Rooms are furnished with beds, tables, chairs and dressers. Students furnish rugs, window curtains, dresser and table scarfs, pictures and any other articles desired to make the room cheery and homelike. Students are to furnish their own electric irons.

Each dormitory student is expected to bring bedding for a twin bed, including blankets, confter, bedspread, pillow, sheets, pillow slips, towels and wash cloths all plainly marked on the right side with the owner's full name (use name tapes).

Supplies

Textbooks and school supplies are sold in the college bookstore.

Laundry

The college cares for the laundering of sheets and pillowcases. Each student is responsible for laundering his towels and personal clothing. The college maintains a laundry service where most personal effects may be laundered at moderate rates.

Health Services

The college provides medical care for minor illnesses through its Health Center and the services of the college physician and registered nurses. Single students not living in their own homes may receive nursing care in the center when necessary, for the nominal fee of \$1.00 per day, plus the cost of meals if they are not boarding students. Serious cases are removed to the hospital. Each student enrolled for eight hours or more is insured for certain hospitalization and medical benefits for an amount not to exceed \$500 for each accident or illness.

Automobiles

It is the policy of the college not to permit freshman resident students under the age of 21 to bring automobiles to school, except in cases where there is sufficient cause to justify their use. In these instances a parent or guardian must submit a letter giving consent for such student to bring his car to school. Upperclassmen are advised to leave their automobiles at home unless their use is actually necessary.

In any event, before bringing a car, any student must secure written permission from the Dean of Students. If permission is granted, a parking space will be assigned on the campus parking lot, for which a rental fee of \$2.00 per month will be charged. All students with automobiles are required to carry liability and property damage insurance.

EDUCATIONAL PROGRAM

EDUCATIONAL PROGRAM

Fort Wayne Bible College is committed to a distinct philosophy of education which reflects its statement of faith. The revelation of God both general and special forms the core of the curriculum. General revelation comes to man through nature, man's conscience and divine providence. Special revelation is supplied in the Bible and in Jesus Christ. The terms "general" and "special" reveal the extent and purpose of God's revelation. God has revealed Himself both in creation and in the Scriptures. Christians are expected to be diligent in understanding both of these sources of revelation. Biblical revelation does not pretend to answer all questions but theology does provide one with a guide to the understanding of all other channels of revelation.

The educational program reflects the particular philosophy of life which the college holds. Based on the tenets of Christian theism the program is organized according to the following pattern: Christ for life, the Bible for wisdom, general education for culture and professional skills for service. Curriculum is here defined as that which comprehends the total program of the College.

Course instruction has a threefold content and purpose: first, intensive and systematic Bible study to give the student the Christian world view, to acquaint him with the gospel message, and to enrich his life spiritually; second, general education to broaden his knowledge of man, of society, and of the universe, and to integrate that knowledge with Christian theism; third, applied work through which skills are developed for Christian service.

Since adequate preparation includes Christian character and spiritual enduement, the program embraces much more than formal instruction. Biblical education, general education and professional education are combined with devotional culture, social life, manual work, physical fitness and field experience to provide a well-rounded program designed to meet the needs of the total man. The whole of school life is designed to contribute to the enrichment of life and the building of character.

ACCREDITATION AND ACADEMIC STANDING

Fort Wayne Bible College is accredited by the Accrediting Association of Bible Colleges and as a four-year teacher education college by the Indiana State Department of Public Instruction. The college has been validated for the acceptance of credits by Indiana University. It has also been approved by the United States Department of Justice for the education of foreign students and by the Indiana State Approval Committee for the training of veterans and war orphans. The college is recognized by the National Headquarters of Selective Service as a bona fide theological school and is listed as an accredited institution of higher learning by the United States Office of Education.

STANDARDS OF ADMISSION

Christian Character

It is assumed that young people who come to the college are definitely committed to God's will for their lives and have a firm purpose to prepare themselves to serve Christ. A willingness to learn and a sincere desire for truth are prerequisites to worthy achievement.

Admission to the college is to be considered a privilege, not a right. The college may therefore ask a student who proves unworthy to withdraw at any time. All students are required to sign a statement expressing willingness to conform to all college regulations.

Academic Preparation

Graduation from high school with an acceptable record, or its equivalent, is required for admission. Applicants in the lower third of their graduating class are required to take pre-admission tests before being approved. High school equivalency must be validated by examination before the applicant is admitted. A college preparatory course offers the best secondary education for Bible College.

A few older students who have not had the privilege of a high school education may be admitted as special students if records or tests indicate the capacity to profit from the education offered. Students so admitted will be required to carry on the usual assignments although no regular credit will be given. However, a certificate of achievement may be issued upon termination of their work.

Advanced Standing

Admission to advanced standing is granted to students who have completed acceptable work in other accredited institutions. Credits which are applicable to the programs at Fort Wayne Bible College are fully accepted, provided such courses are completed with "C" or above. Credits from non-accredited schools must be validated by examination or by satisfactory achievement during a probationary period of study.

To qualify for a degree or a diploma, a student must do at least one year of residence work in Fort Wayne Bible College, and must complete here the last twelve semester hours of work. All transfer students are required to take a minimum of seven hours in Bible and Theology for graduation.

Admission Procedures

The first step in seeking admission is to make formal application on the form included on the last page of this catalog. An application fee of \$5.00 which is non-refundable and a small recent photo of the applicant must accompany the application. After mailing it to the Registrar the applicant will receive additional forms for completion of the application. When all forms are returned the Admissions Committee will consider the application for approval, and notify the applicant of the action taken.

All approved applicants must make a reservation deposit of \$25.00 within thirty days of notice of approval. This deposit will be credited to the student's account, but is not refundable after August 1 for the first semester enrollment, or December 1 for the second semester.

Accepted applicants are advised to enter the school at the opening of a semester, preferably the first. It is a distinct advantage to begin studies with the first session of classes. No enrollments are made after the first two weeks of a semester.

Training of Veterans

Fort Wayne Bible College is approved by the Indiana State Approval Committee to train veterans. Veterans must apply to the Veterans Administration for approval of their educational programs. Veterans in training must continue their education without interruption until it is completed. Transfer from another school may in some instances be permitted, but the student must first get the approval of the Veterans Administration and the proper Supplemental Certificate. A veteran must maintain the required standards of scholarship in order to continue his education.

ACADEMIC REGULATIONS

Student Load

The normal student load is sixteen hours per week. Approval of loads in excess of this norm may be granted to students of superior ability. During the first year the maximum load is seventeen hours; after that, eighteen hours. A student should be able to carry a normal number of hours under ordinary conditions. A minimum load of twelve hours is required for classification as a full time student.

Course Cancellations

The college reserves the right to withdraw any course in which fewer than five students are registered.

Transcripts of Credits

Each student receives a report of his grades at the end of the semester. Upon graduation he is given one complete transcript of his credits. Additional copies will cost \$1.00 which must accompany requests for transcripts. Transcripts of credits are released only upon cash settlement of all accounts at Fort Wayne Bible College.

Credit by Examination

The student may receive credit for certain courses by successfully passing College Board Advanced Placement Tests, available to him in the last semester of the senior year of high school, or by successful performance on appropriate examinations while at Fort Wayne Bible College. Credit by examination in itself implies no grade.

Grading Symbols

A - Superior scholarship.
 B - Above Average.
 C - Average.
 D - Below average.

F - Failure.
 WP - Withdrawal by permission.
 WF - Withdrawal while failing.

Point System

In computing a student's academic standing, point values per semester hour of work are assigned to the several grades as follows: A, 4 points; B, 3 points; C, 2 points; D, 1 point; F, 0 points. The total of points earned, divided by the number of credit hours attempted, gives the point-hour ratio.

Point Requirements

To be eligible to continue in college, a student must have these point-hour ratios as a minimum: after first semester of freshman year, 1.5; second semester, 1.65; first semester of sophomore year, 1.75; second semester, 1.85; first semester of junior year, 1.95; second semester, 2.0. A point-hour ratio of at least 2.0 is required for graduation.

Honors

At the close of each semester the Registrar's Office publishes the names of all students who were enrolled for at least 12 hours and who achieved a point-hour ratio of 3.35 for the period just ended.

Honors will be awarded at graduation according to the following minimum point-hour ratio for the entire college course. "With Honor" for 3.35; "With High Honor" for 3.65; "With Highest Honor" for 3.95. To be eligible for these honors, a student may not transfer more than two years' credit from another school.

A limited number of seniors may be elected by the faculty to Delta Epsilon Chi, the honor society sponsored by the Accrediting Association of Bible Colleges. Eligibility is regulated by the rules of the society, and is conditioned by scholastic achievement, Christian character and leadership ability.

Seniors

To rank as a senior, a student must be a prospective graduate for a given year. He must have a point-hour ratio of at least 2 at the start of his final year. Any senior whose point-hour ratio drops below 2 during the first semester of the last year will not be recommended for graduation.

Graduation

Each senior is required to make formal application for graduation at the time of registration for the fall semester in his final year, and complete successfully a proficiency examination in English during the junior year, and a comprehensive examination in Bible during the senior year.

To qualify for a degree or diploma, a student must do at least one year of residence work in Fort Wayne Bible College, and must complete here the final twelve semester hours of work. Christian character is regarded as an essential for a recommendation for graduation. All academic requirements must be met within 10 years from enrollment under a given catalog.

Seniors whose accounts are in arrears are permitted to graduate only if proper arrangements are made for deferred payments.

American Institute of Holy Land Studies

In view of the college's membership in the Associated Schools of the American Institute of Holy Land Studies, students who participate in the program of the Institute in Israel will be given academic credit in such amount as may be approved by the faculty. Not only are graduates of the college admitted to the program of the Institute, but certain qualified seniors are as well. See the Dean for details.

CURRICULUM

The curriculum of Fort Wayne Bible College is divided into three major divisions. In order to provide integration among the several departments and to give the student guidance in a choice of subject matter, the curricula organization takes a divisional pattern as follows:

Four-year programs in the Divisions of Christian Ministries and Arts and Sciences lead to the Bachelor of Arts degree.

Professional programs issuing in the Bachelor of Science degree and other professional degrees are provided in the divisions of Christian Ministries and Arts and Sciences. Some of these programs are five years in length to allow opportunity for depth and thoroughness in the offerings.

The first two years in each program are somewhat uniform. In most programs it is possible for students to make specific selections of majors up to the end of the Sophomore year.

GENERAL EDUCATION

The objectives of general education are (1) to acquaint the student with the world around him, including the sources of our culture, the important problems of today, and the methods of seeking their solution; (2) to help the student acquire a Christian world view that encompasses and integrates all areas of knowledge and experience; (3) to prepare him for intelligent and satisfying living as an individual, in the home, in the community, and in the church; (4) to develop ability to express ideas clearly and effectively; (5) to cultivate an appreciation of moral and aesthetic values; (6) to provide a sound basis for critical thinking and valid judgment; and (7) to help the student toward physical as well as mental well-being.

General education is conceived of as a core of educative experiences considered essential to the establishing of a proper relationship to God, to one's fellow men, to the physical environment, and to one's self. The content is drawn largely from the humanities, social sciences and natural sciences treated in the context of an integrating framework provided by Biblical Studies and a Christian atmosphere. General education is neither specialized in content nor vocational in nature but should issue in a growing acquaintance with the major areas of knowledge, in the formulation of a Christian world-view and in the ability to participate intelligently and constructively in contemporary society as a witnessing Christian.

While the total number of hours required in general education may vary from department to department, subjects in this area of the curricu-

lum comprise approximately the first two years of college and are listed as follows:

CHRISTIAN MINISTRIES

Objectives

The Division of Christian Ministries is composed of four departments: (1) Biblical Studies, (2) Christian Education, (3) Missions, and (4) Pastoral Training. The curriculums in these departments are designed particularly for those preparing for gospel ministries.

Objectives of this division include the following: (1) to give the student a working knowledge of the Bible and an understanding of Christian doctrine; (2) to introduce the student to various methods of studying and presenting the Bible; (3) to help the student form a Christian world-view; (4) to foster Christian growth and maturity; (5) to lead the student into an appreciation of and full dedication to Christian service; (6) to develop, by study and practice, those professional skills needed to fulfill his calling to one of the Christian ministries.

Programs are both terminal and preparatory, but students anticipating seminary training or denominational service are urged to counsel with their advisors early for the selection of elective courses.

A. DEPARTMENT OF BIBLICAL STUDIES

Wesley Gerig, Chairman

Objectives

The objectives of this department are (1) to give the student a working knowledge of the Bible as God's divine self-revelation for his own edification and his strengthening of others; (2) to help him achieve a doctrinal balance, so essential to symmetrical Christian character and effective Christian service; (3) to impart to him the techniques of effective Bible study; (4) to impress him with the central place which Biblical studies should occupy as the integrating factor not only in the whole college curriculum but also in his entire Christian life; (5) to develop the Christian character of the student; and (6) to give the student motivation for additional Bible study on a private basis.

Two programs are offered by this department. The Bachelor of Arts program with a major in Bible and Theology is designed to be a pre-theological course preparatory for seminary. The Standard Bible Course is a three-year course leading to a diploma; however, the work done by the student on this program is graded on a par with that done by those on the degree programs.

1. BACHELOR OF ARTS (Major in Bible and Theology)

The degree of Bachelor of Arts with a major in Bible and Theology is granted upon the satisfactory completion of 128 hours of work. Forty hours in Bible and 12 hours in Biblical Theology are required. Seven hours of Greek Exegesis (NT 342, 441, 442) will count toward meeting

the major in Bible. In addition to the basic requirements, 3 years of Greek are required. The student is guided by his Faculty Advisor with reference to his own individual program in preparation for the seminary of his choice.

B. DEPARTMENT OF CHRISTIAN EDUCATION

Dr. Frances Simpson, Chairman

Objectives

Christian education is directed to the preparation of students for church-related educational ministries, first, through subject matter concerned with a study of human characteristics at each age level, with principles and practices of the teaching-learning process, and with the organization and administration of educational agencies; and second, through learning experiences that develop requisite skills in teaching, leadership, and supervision and provide for growth in spiritual maturity for effective Christian service.

The process of preparing leadership for this important ministry involves: (1) the development of a balanced personality (a vital spiritual relationship to the Lord, a sincere love and sense of responsibility toward people, a disciplined mind and body); (2) a commitment to a Bible-based, Christ-centered message; (3) effective service in applying life-related methods in a setting of practical situations.

1. BACHELOR OF ARTS (Major in Christian Education)

The Bachelor of Arts degree is granted upon the satisfactory completion of one of the following programs with the additional requirement of 14 hours of Greek, three of which may be applied on the Bible requirement.

2. BACHELOR OF RELIGIOUS EDUCATION

The following three programs are designed to prepare students to serve professionally as Directors of Christian Education, Youth Work, or Children's Work. In addition, they provide supplementary preparation: (1) in certain professional skills for related ministries such as, the pastor's wife; (2) in development of certain basic skills of churchmanship necessary for effective church service by the laymen; (3) in training for the Christian homemaker.

3. BACHELOR OF SCIENCE (Major in Christian Education and Music)

This program is offered for the student who has a definite interest in music and who desires to minister in the local church in the area of music and Christian Education.

The course requires 128 hours. In addition to the basic requirements in Bible, Theology, and General Education, it includes 28 hours of music exclusive of Mu 121 and 21 hours of Christian Education exclusive of CE 100, 152.

3. BACHELOR OF SCIENCE **(Major in Christian Education and Missions)**

See description under Christian Education Department.

4. BACHELOR OF SCIENCE **(Major in Missionary Nursing)**

The Bachelor of Science program in Missionary Nursing is designed as a basic course for women students who plan to engage in missionary service. It aims to provide the preparation necessary to minister to spiritual and physical needs by a combination of courses in general education, Bible, missions and professional nursing. The five-year program includes the regular three-year course in nurses' training, a major in Bible, and a minor in missions.

This unique program, designed to meet an urgent need for professionally trained missionary candidates, is made possible through the cooperation of near-by Lutheran Hospital School of Nursing. Training is taken alternately at the two institutions. The first year is spent on the college campus in studies in general education and Bible. The next three years are spent at the Lutheran Hospital School of Nursing. Students in this program are expected to attend this school unless prior permission to do otherwise is granted by the Academic Affairs Committee. During this time the student maintains associations with the college as time and prior obligations permit. At the end of this period the student is eligible to take the State examinations for registration. The fifth year is spent on the college campus with advanced studies in Bible and missions.

The Lutheran Hospital is approved by the American College of Surgeons and is a member of the American Hospital Association. The school of Nursing is accredited by the Indiana State Board of Examination and

Student Nurses on the steps of the Nurses' Home

Registration. The nurses' residence is a new building with the finest of living accommodations and educational facilities.

A total of 122 hours is required for the B. S. degree. Fifty-eight semester hours of credit are granted for the work done at the Lutheran Hospital leaving 64 hours of credit to be earned in the college.

Applicants for this program should apply first to the Bible College using the regular application blank. Application forms for the School of Nursing will then be sent to the applicant. Leaflets giving full particulars as to qualifications, prerequisites, and cost of the entire program are sent free upon request to the Registrar.

Applicants who wish to be assured of being accepted for nurses' training at the Lutheran Hospital before entering as freshmen at the college must apply not later than April 15th. Arrangements can then be made to take the qualifying tests for nurses' training before they enter college. Those applying after April 15th will need to wait until the following fall to take the tests.

Graduate nurses who have taken their nurses' training elsewhere in a recognized school of nursing may take the two years of Bible-missions education leading to the B. S. degree upon meeting either of two requirements: (1) graduation from a nursing school fully accredited by the National Nursing Accrediting Service, or (2) passing on a satisfactory level the Graduate Nurse Qualifying Examination of the National League for Nursing. Arrangements for taking this examination are made with the Registrar.
